

PROPOSAL SUBMISSION POLICY

Sponsored Programs Administration (SPA), acting on behalf of The Board of Trustees of the University of Illinois, is responsible for the review and approval of all proposals and proposal updates for research and other sponsored activities that are to be funded by external agencies. We understand proposal development takes considerable time and effort and in order to provide optimal and equitable service to all University faculty, there is a need for proposal submission deadlines.

PROPOSAL REVIEW LEVEL:

Complete Proposals submitted on time will take priority over late proposals. A proposal is considered late when it is submitted via myProposals after 8:01am, with less than 4 business days prior to the Sponsor’s submission deadline. SPA will make reasonable efforts to review late proposals but cannot ensure the same proposal review service level. Proposals received on the same day, will not be guaranteed a review to ensure compliance with institutional or sponsor requirements.

4 BUSINESS DAYS PRIOR TO DEADLINE	1-3 BUSINESS DAYS PRIOR TO DEADLINE	SAME DAY AS DEADLINE
Comprehensive review for compliance with institutional and sponsor requirements prior to submission.	Limited review for compliance with institutional requirements, but not necessarily a check for compliance against sponsor requirements. SPA cannot guarantee the review will be complete or the proposal will be error free. SPA is not responsible for any adverse impact of a limited review.	Cursory review or no review prior to submission. The PI and his/her unit run the risk of non-compliance with institutional policies or the sponsor requirements. The proposal may contain errors that result in submission failure. SPA is not responsible for any adverse impact of a cursory review or of no review.

SPA reserves the right to withhold submission when documents and/or approvals are missing, even if deadlines are missed.
